Executive Session:

Executive Session ended.

After the Executive Session, the City Council issued a Press Release:

CITY OF
REXBURG
America's Family Community

Press Release

Rexburg, ID, March 10, 2006:

The Rexburg City Council has been meeting with the City's Insurance carrier to discuss claims that have been filed by the residents of the Ricks-Palmer Subdivision, who have suffered property damage as a result of the unfortunate flood that occurred last week.

The City's preliminary investigation revealed that the City was not at fault for the property damage that occurred; however, the City recognizes that a number of our citizens are suffering as a result of the damage that occurred.

The City wants to do all that it possibly can to relieve the anguish of our citizens; therefore, while the various parties involved are trying to sort out the responsible parties, the City intends to set up a zero interest loan program, which will provide some of the funds necessary to assist the residents of the Ricks-Palmer Subdivision for property restoration purposes.

Adjournment

Shawn Larsen, Mayor

Blair D. Kay, City Clerk
