Community Update

Mayors Message:

Close your eyes. Think back to your earliest memories of Rexburg and the surrounding areas. Try to visualize what was here then. Now close your eyes again and envision the Madison County of the future. It is an interesting exercise to look ahead. Now become involved with Envision Madison. We will be having, in the coming months, opportunities and exercises that can help us shape the future in ways that will help to preserve the values of the past and move those values into the future. When Rexburg was founded by those pioneer forbears, I believe that they were all involved. I believe that they had a vision for the future. I believe that they envisioned what this area could become. They made plans for the future. Those plans came to fruition. We must continue their work. We must preserve the heritage that they left us. We must look into the future. We must grasp the vision and carry it forward.

Please become involved in the coming months with Envision Madison. We need you. We want all citizens to become participants in the process. There have been a number of positive effects thus far. They will only multiply with your help. We have been celebrating the past one hundred years of Madison County. What about the next one hundred years of Madison County? Let's do our part to shape it as those pioneer forbears did.

Richard S. Woodland

Business Owners: To have your business information available to more potential customers (including BYU-I students), please complete the [Business Registration Form](#) at rexburg.org and click the "Send" box on the form. Your information will be added to the City of Rexburg's website.
