CHAPTER 10 REXBURG CITY ZONING ORDINANCE AREA OF CITY IMPACT

10.1 Applicability.

The regulations of this Chapter shall apply to the area of city impact and shall supplement the regulations appearing elsewhere in this ordinance.

A. This Chapter is being adopted pursuant to Idaho Code, Section 67-6526, and any and all amendments thereto, pursuant to mutual agreement between the City of Rexburg and Madison County.

B. The purpose of this Chapter is to identify an area of city impact, considering such factors as:

- (1) trade area;
- (2) geographic factors;
- (3) areas that can reasonably be expected to be annexed to the city in the future.

C. The intent of this Chapter is to define the geographic area of city impact; to set forth the plans and ordinances which will be adopted and be applicable to the area of city impact and to comply with the applicable provisions of Idaho Code, Title 67, Chapter 65, as set forth by the Idaho legislature.

10.3 Boundary definitions.

A. The boundaries of the area of city impact are defined by separate ordinance. The boundaries and zoning classifications of the area of city impact are shown on the map entitled "Area of City Impact - Rexburg, Idaho" dated February 15, 1995. Said map is attached hereto Appendix "A" The map and all information shown thereon are by reference made a part of this ordinance.

B. The method for amending the impact boundaries shall be governed by Idaho Code, Section 67-6526(d).

10.4 Zoning Districts, Zoning Map, Zoning Tables, Land Use Schedules.

A. Zoning districts authorized in the area of impact comprise two specific categories:

B. Definitions of Zones.

(1) Chapter 3 Zones are defined and described in Chapter 3, paragraphs 3.4 through 3.15 hereof.

However, this does not include commercial enterprises or animal-related businesses such as produce packing plants, fur farms, veterinary clinics, animal hospitals, feed lots, poultry and egg farms, hog farms, dog kennels, honey processing, and similar uses which would constitute a "business" as opposed to that of the raising of agricultural crops and/or pasture. For the purposes of this chapter, "Feedlot" is defined as any area where one thousand (1,000) head or more of livestock are confined for a period of one year or more.

homes. Livestock is permitted in the A-2 Zone. However, this does not include such commercial enterprises or animal-related businesses such as produce packing plants, fur farms, veterinary clinics, animal hospitals, feed lots, poultry and egg farms, hog farms, dog kennels, honey processing and similar uses which would constitute a "business" as opposed to that of the raising of livestock, agricultural crops and/or pasture.

iii. Conditional uses in the A-2 Zone include:

1. Public and quasi-public recreational facilities and/or buildings.

iv. Whenever practical, existing roadside trees shall be saved and used in the arterial buffer.

v. Site plans, subdivision requirements, annexation and development agreements shall include provision for installation and continued maintenance of all buffers and compliance with all city ordinances applicable within the area of city impact.
