Adult Indoor Soccer is Off The Walls!

October saw the beginning of our first ever adult indoor soccer league at The Zone. There were 7 teams that signed up from around the city including local businesses as well as friends. The beginning of the league has been very successful from high scoring games to last minute buzzer beaters. Adult indoor soccer has been a great opportunity for adults to get some good exercise while having fun. So get your friends or co-workers together and sign-up for the Winter Indoor Season coming in January!

Volleyball Alliance Becomes Great Alternative

Not everything goes to plan at Rexburg Recreation. When the youth volleyball league did not get enough participants to run we didn't want to disappoint those who signed up. One of our staff, who is very passionate about the sport, suggested doing a weekly clinical group during the same time the league would've ran. This way the kids still got to play as well as better their skills. That idea quickly became the Youth Volleyball Alliance. Almost all of the participants who had originally signed up loved the idea of the alternative. Registration opened back up for an extra week and saw even more participants join the program.

The Alliance currently is teaching 4th-6th graders different skills and techniques about volleyball preparing them for future play in other leagues. Due to the success of the program we are looking into doing the Alliance again next year.
