CITY OF  
**REXBURG**  
America's Family Community

## 6:00 pm – Joint Work meeting with Planning and Zoning/ City Council

### In Attendance:

Mayor Richard Woodland; City Council Members: Rex Erickson, Donna Benfield, Bruce Sutherland

P&Z Commissioners: Marilyn Rasmussen, Winston Dyer, Cory Sorensen, Jedd Walker

**Community Development Director Val Christensen** led the discussion. The purpose of this meeting is to identify from a community perspective the best possible locations to have more multi-family housing as the City grows. Rexburg needs to be prepared.

**GIS Director Craig Rindlisbacher** provided copies of maps showing current multi-family housing in Rexburg.

Those in attendance discussed where additional multi-family housing should be located, marking the maps with what they felt to be the best areas for this growth.

Some of the points considered were: transportation routes and how they would be affected; infrastructure costs; location to single family neighborhoods and the buffering that would be required; possible clustering of such housing or having it be located throughout the community; and access to services, employment, and the University.

**Val Christensen** will create a map from the input of this meeting showing possible future growth options for multi-family housing locations. This map will be presented to Planning & Zoning and the City Council for further discussion.
