### Mayors Message:

Now is our chance!

I am writing this letter as an invitation to become involved with and in Envision Madison.

We are currently in the process of celebrating the one hundredth birthday of Madison County. We celebrate the vision of those who have strived to make Madison County something special. They were a hardy and special people. They created the tabernacle without the use of power tools in a years' time—amazing. They dug canals, they cleared land, and they built roads and laid out the plats and streets that would be Rexburg. They did make this area special.

We have our chance to plan for the next one hundred years. We have all complained or wondered about the lay-out of our city. How will we be able to get across town? How will that new subdivision fit into the traffic mix? Our streets have gotten ever more crowded. Where will it all fit in? Where will sewer and water lines go? Are they going to be big enough? What about bridges, roads, parks, schools, recreational areas?

Instead of wondering- not sure we want to be on the path that someone else sets for us; we as citizens of Madison County can shape the future by attending a number of ENVISION MADISON workshops. Instead of being led down a path we're not sure we want to be on, let us take the proverbial Bull by the Horns and be a part of the process that shapes our future. Meetings are already being held and planned. Here is a partial schedule:

June 13 – Kickoff Event, 7:00 pm, Madison High School Performing Arts Center

June 18 – Public Workshop, 7:00 pm, South Fork Elementary & Sugar Salem Jr. High

June 19 – Public Workshop, 7:00 pm, BYU Taylor Chapel Multipurpose Room

June 20 – Public Workshop, 7:00 pm, Madison High Main Gym

For this process to work well, it is important that we have as many citizen planners as we can. When they built the tabernacle the whole area came together. What an amazing feat. Our task is not as demanding physically; however, it is of no less importance. Where will our children live? Will there be jobs for them? Will they be able to have a nice home? What is their future? Their future is tied to our actions. Their future is tied to how well we plan. Please join us as we plan our future.

Friends and Neighbors,

Today, our community is growing and changing. Over the last decade Madison County has experienced unprecedented growth, which has brought opportunities and challenges that were not dreamed of even ten years ago. These opportunities require us to ask some hard questions, questions that will affect the way our area develops over the next 50 years.

Envision Madison is a once in a generation opportunity to explore growth related issues and think together about what Madison County should look like in the future. The process reflects the values of the public, the voice of the public, and the vision of the public. Broad public participation in both creating and implementing the vision is the key to this process.

As the decisions made today affect our neighbors, the decisions made also affect future generations. We invite you to become part of the process. Please see the calendar of events for Envision Madison nearby. Please visit [www.envisionmadison.com](http://www.envisionmadison.com) for more information, and to keep updated on our progress.

Sincerely,

### The Envision Madison Executive Board:
