RE: WATER ADVISORY LIFTED

Dear Owner/Manager:

We have received word from the Department of Environmental Quality (DEQ) that the water quality samples from the City of Rexburg have been reported to be clear of contamination. From this news, the Water Advisory is **LIFTED**.

Food establishments may commence normal practices and usage of water. We appreciate everyone for adhering to the advisory to protect the public's health.

If you have any questions, feel free to call our office at (208) 523-5382. Thank you again for your cooperation.

Sincerely,

A handwritten signature in black ink that reads "Kellye L. Eager".

Kellye Eager, REHS
Environmental Health Director
